[www.soyouwanttobeamodel.com](http://www.soyouwanttobeamodel.com)

Below you will find out the best way to take your entry photos. Remember that you must submit **two (2) color images: one headshot and one 3/4 to full length photo. The photos should at least be 3.5" x 5" in size, and no larger than 4" x 6" preferably.** If a friend or family member is going to take your photos, make sure the photos look like you. Please do not submit images including other people... **remember it's all about you!**

Remember that this is a Contest and you will be judged on the quality of the photographs, so please do not send blurry or out of focus images. Remember your first impression is everything and since modeling is a business, you want to make sure that the pictures represent your true beauty.

Your make-up should look very clean and your natural hairstyle should be shown. The location and background you pick is important... so make sure the background does not distract our attention away from you.

## MAKEUP, WARDROBE AND HAIRSTYLE TIPS:

- 1. Make-up:** Wear little or no make-up at all for your entry photos. Remember our staff wants to see your beautiful face as natural as possible. Keep your expressions pleasant and happy.
- 2. Wardrobe:** Preferably wear a simple neutral colored T-shirt where the focus of attention is on the model. Do not wear jewelry, piercings, accessories, or distracting clothes with names on them that can draw the attention away from the model.
- 3. Hairstyle:** Have your hair back and off the face and shoulders, so we can get a clear idea of what you look like.
- 4. Most important...be yourself!!!**

**Final Advice:** You should send at least one clear headshot and one clear body shot. Your head shot should clearly show your entire face, and your body shot should give us a good idea of your build and body type. We suggest that women wear a swimsuit OR form fitting jeans and a t-shirt. Please DO NOT send any nude photographs.

Please note: All pictures received will not be returned.
